Extracurricular Activities

ENTREPRENEURSHIP CLUB

In today's fast-changing world, it is essential to equip children with skills that go beyond the classroom. The Entrepreneur Club for Kids is a platform designed to help children between the ages of 7 and 13 develop creativity, problem-solving abilities, financial literacy, and leadership skills in a fun and supportive environment.

WHY JOIN THE CLUB

- Develop critical thinking and problem-solving skills.
- Gain confidence in presenting their ideas and interacting with others.
- Learn basic money management and financial responsibility.
- Build resilience and learn from their experiences.
- Work collaboratively with peers and strengthen their teamwork abilities.

KIDS KITCHEN CLUB

Why your child should Join?

- ⌚ Your child can use it as a chance to explore and express their creativity.
- ⌚ Children get a special opportunity to learn about nutrition and healthful eating in these programs.
- ⌚ Important abilities like measuring ingredients, following recipes, time management, and problem-solving will be instilled in your child.
- ⌚ Cooking incorporates math (measuring, counting, fractions), science (chemical reactions, temperature changes), and reading (comprehending recipes).

WHAT WE WILL DO:

- Baking Days
- Fun Food Challenges
- Nutrition and Food Education
- Hands-On Cooking Classes

AGRICULTURAL CLUB

Agricultural Club at Orel Christian School, specifically designed for students aged 7 to 13! This club aims to inspire our young learners to explore the fascinating world of agriculture, learn about sustainability, and develop a love for nature.

What We'll Do

- Planting and maintaining a school garden
- Learning about different plants and their growing requirements
- Exploring sustainable farming practices
- Conducting hands-on experiments related to agriculture
- Going on field trips to local farms and gardens

Why Join?

Joining the Agricultural Club offers a unique opportunity for students to develop teamwork skills, gain hands-on experience, and learn about the importance of agriculture in our daily lives. Together, we will cultivate not only plants but also friendships and a sense of responsibility toward our environment.

ROBOTICS & CODING CLUB

At Orel Christian School, we believe in raising stars for the Kingdom's glory – and that includes preparing them for a future driven by technology and innovation. That's why we're excited to launch our brand-new Computer Robotics & Coding Club

Why should your child join?

- **Build Real Life Skills**
Children learn critical thinking, problem-solving, creativity, and teamwork – all while having fun building robots and coding their own mini-programs!
- **21st Century Readiness**
Robotics and coding are the languages of the future. Your child will gain early exposure to skills needed in science, engineering, technology, and entrepreneurship.
- **From Curious Minds to Confident Leaders**
This club builds confidence as learners design and program real machines. They'll become creators – not just consumers – of technology.
- **Bible-Based, Future-Focused**
Everything we do at OREL is rooted in Christian values. This club teaches tech, but also builds character, discipline, and responsibility.

ENGINEERING & MECHANICS CLUB

Engineering and Mechanics Club at Orel Christian School, specifically designed for students aged 7 to 13! This club aims to inspire our young learners to explore the fascinating world of Engineering and Mechanics.

Why Join?

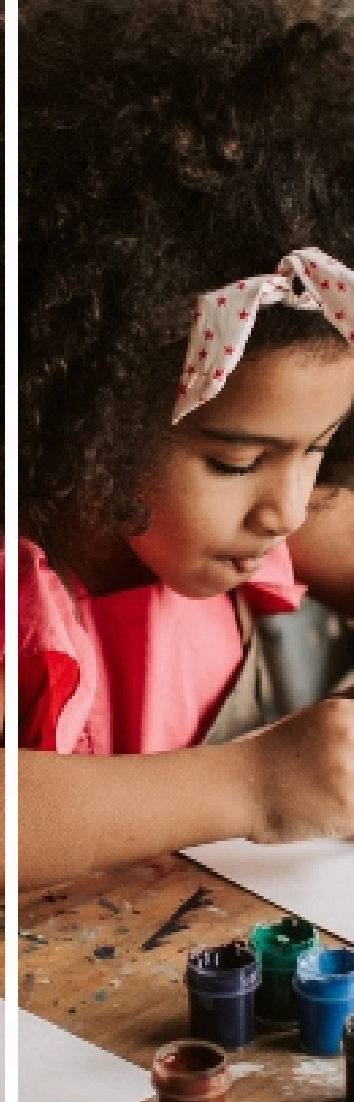

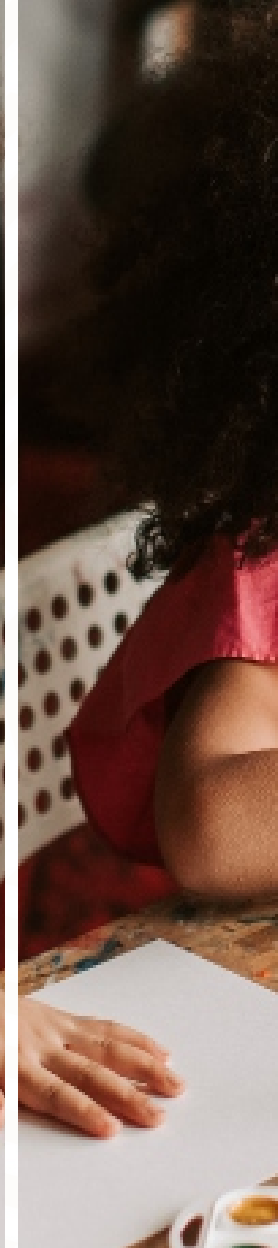

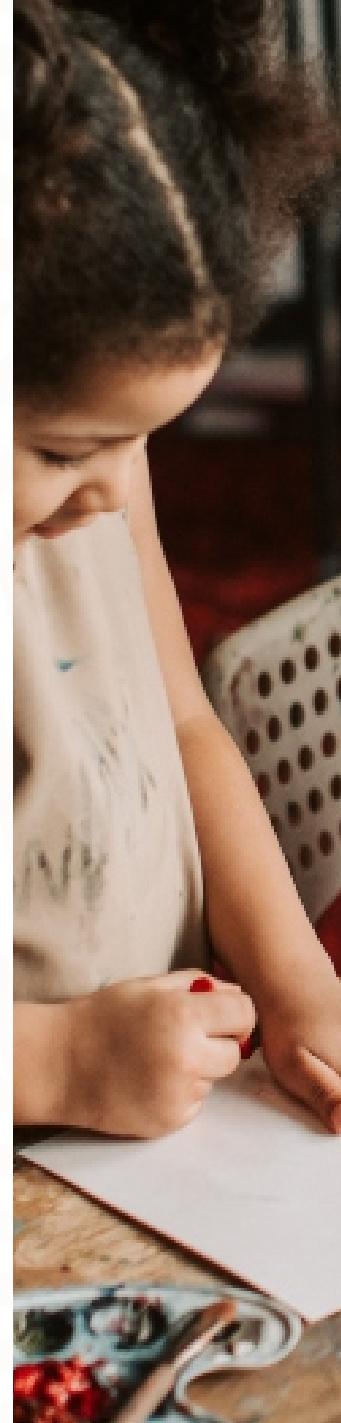

- Encourages hands-on learning and problem-solving
- Helps students understand how things work and how to build or repair them
- Introduces real-world engineering and mechanical concepts
- Fosters creativity, innovation, and critical thinking
- Builds teamwork, communication, and leadership skills
- Supports students who are interested in careers like engineering, mechanics, or design
- Provides a fun and safe environment to explore science and technology
- Encourages perseverance and responsibility through practical projects
- Aligns with Christian values—using our God-given talents to make a positive difference
- Helps students grow confidence by turning ideas into real creations

ARTS AND CULTURE CLUB

At Orel Christian School, we believe in raising stars for the Kingdom's glory – and that includes preparing them for a future driven by technology and innovation. That's why we're excited to launch our brand-new Computer Robotics & Coding Club

Why should your child join?

- **Discover Hidden Talents**
Students will have the chance to try different forms of art, music, dance, and drama — uncovering gifts they may not even know they had!
- **Build Confidence**
Performing, creating, and sharing ideas in a safe and supportive space helps students believe in themselves and their abilities.
- **Celebrate Diversity**
Through cultural events and learning activities, children will gain a deeper appreciation for different traditions and backgrounds.
- **Develop Leadership and Teamwork Skills**
Students will work together to plan shows, exhibitions, and cultural days — learning how to lead, listen, and collaborate.

SWIMMING CLUB

Engineering and Mechanics Club at Orel Christian School, specifically designed for students aged 7 to 13! This club aims to inspire our young learners to explore the fascinating world of Engineering and Mechanics.

Why Join?

- **Learn a Lifesaving Skill**
Swimming is an essential skill that could save your life or someone else's.
- **Stay Fit and Healthy**
Great for your heart, muscles, and overall fitness.
- **Build Confidence**
Achieve personal goals and overcome fears in a supportive environment.
- **Improve Focus and Discipline**
Training helps with concentration, goal-setting, and perseverance.
- **Fun and Relaxing**
Swimming is both exciting and a great way to relieve stress after class.

PUBLIC SPEAKING CLUB

Public Speaking Club at Orel Christian School offers students a valuable opportunity to develop their communication skills in a supportive and encouraging environment. Through engaging activities, practical speaking exercises, and peer feedback, students will build confidence and learn to express themselves clearly and effectively. This club is ideal for anyone who wants to grow as a speaker, leader, and communicator.

Why should your child join?

- Improves communication skills
Learn how to speak clearly, confidently, and effectively.
- Builds self-confidence
Overcome the fear of speaking in front of others.
- Enhances leadership abilities
Learn how to influence and inspire others through speech.
- Boosts critical thinking
Develop structured arguments and present ideas logically.
- Encourages teamwork
Work with peers to give and receive constructive feedback.
- Prepares for real-world situations
Get ready for interviews, presentations, and debates.
